PRICELESS RECORDS BURN

City Suffers Heaviest Loss in
Customs House Blaze

DUBLIN — (By Associated Press) — Smoking ruins marked today the site of the historic customs house of Dublin, which was burned yesterday afternoon by a raiding party of civilians. During the night sullen bursts of flame in the twisted chaos of stone and steel lighted up the scene, about which British armed forces kept vigilant guard.

Fifty men, arrested by crown forces after a pitched battle in and about the old building, spent the night in various prisons in the city, and the bodies of upwards of a dozen persons killed during the struggle reposed in morgues. It was believed that some of the raiders perished in the fire they kindled. The exact number of wounded had not been learned today.

CITY ORNAMENT

The customs house was completed in 1791, and was one of the chief architectural ornaments of the city, also a railroad bridge built across the river Liffey detracted to some extent from its beauty. The building, which housed the local government board, the board of trade and public works and other local bodies, was situated on the left bank of the river. The side facing the water was of Portland stone, while the other sides were of granite. It was of the Doric style of architecture and was crowned with a dome, surmounted by a statue of Hope.

Archives of an almost priceless character were destroyed in the flames which swept thru the building after gasoline had been thrown about and ignited by the raiding party.

It was said here today that the destruction of no other building in the city, not even Dublin castle, could have caused as great loss to crown officials.

FLAMES RAGING
A heavy rain fell thruout the night, but flames were still raging in parts of the ruined building this forenoon, little more than the walls of the structure remaining. Troops were quartered in Liberty Hall, nearby, during the night and the approaches to the customs house were cut off by barbed wire entanglements. It was found this morning that the government board offices, which it had been hoped had escaped the flames, had been destroyed.

"It is not merely a blow to Irish pride and commerce," said the Irish Times this morning in commenting on the fire, "but it is a blow to all our prospects of peace. Its political effect in Great Britain will be to still further discredit the republican demands, but the effect in Ireland will be to increase the difficulties of our form of national settlement."

The Freeman's Journal said:

"It may be a noble thing to rise higher things on the stepping stones of our dead selves, but when the stepping stones are the corpses of our countrymen, the achievement is not noble."

NEW POLICY FOR TRADE URGED

Business Remedies Suggested at
Bankers' Meeting

ATLANTIC CITY, N. J. — (By Associated Press) — Development of a national policy to meet the new conditions of foreign trade and finance was urged today by Eugene Mayer, Jr., managing director of the war finance corporation, in an address before the Pennsylvania Bankers' Association. Such a policy, Mr. Mayer said, must be one which the people can understand and support and it must be broad enough to indicate a general direction for American industry and commerce.

"Not only do we need to develop policies, but we need to create organizations to carry them out," he said. "We do not intend to imitate European methods, the irregular pre-war financial structure, nevertheless, I offer one suggestion which I consider immediate and permanent to our reconstruction program. I refer to the establishment in American financial centers of properly safeguarded, broad public markets for sound internal securities of foreign countries, either governmental or industrial, in foreign currency terms. World financing can operate freely only thru world-wide markets for investment securities, and, in my opinion, no more important commercial situation can be provided than thru a properly established international security market. No machinery would work, in a large way, more automatically, more smoothly or more effectively."

The Crown Prince of Japan, who is visiting in England, has everywhere been received with all the honor and respect commonly accorded to royalty. On his arrival in London he was met at Victoria station by King George, who took him to Buckingham palace. Later, at a banquet given in honor of the royal visitor, he was tendered the freedom of London.

CHURCH MEETING ENDS TOMORROW

Presbyterians Winding up Business at Winona Lake

WINONA LAKE, Ind. — (By Associated Press) — Reception of the reports from the various boards and agencies of the church will be completed today by the 133rd general assembly of the Presbyterian church in the U. S. A., according to officers of the assembly.

The assembly will conclude its sessions tomorrow with the consideration of miscellaneous business. Before closing, leading churchmen expect considerable discussion regarding proposals for consolidation of a number of the boards and agencies. This subject has been mentioned frequently during the assembly but so far no definite action has been taken.

The program today will include, it is predicted by assembly officers, the election of five new members to the executive commission to fill the vacancies caused by the expiration of the terms of five incumbents. Those retiring are Dr. George B. Stuart, of Auburn, N. Y.; Dr. William P. Thompson, of Columbus, Ohio; Nelson H. Loomis, of Omaha, Neb.; Dr. W. W. Boyd, of Oxford, Ohio, and Dr. Lewis S. Mudge, of Harrisburg, Pa.

One of the last committee reports to be presented will be that of the board of foreign missions. In connection with this report there will be presented a synopsis of the accomplishments of the National Presbyterian Women's Board of Foreign Missions which on January 1, took over the records, policies and duties of six former women's boards of foreign missions. Effects of the consolidation of these boards will be outlined in a report.

MINES TO RESUME

COLUMBUS — Idle coal companies in Ohio will be enabled to resume operations, the Philadelphia and Cleveland Coal Company declared today, in applying to the public utilities commission for "storage in transit" privileges. The application complained that the Hocking Valley Railroad had refused to grant storage concessions in the state.

How Much for Advertising?

Seven and one-half per cent of the total volume of business done by a retail store should be appropriated for rent and advertising, Theodore F. Peterson, advertising manager of the Seta-Block Company, told the Business Promotion Group of the Rochester Ad Club, in speaking on the subject of "Retail Advertising."

This appropriation of 7-1/2 per cent should apply whether the store is located in one of the most desirable locations on Main-st. or on a side street, he said.

"The merchant in the Main-st. location naturally pays a higher rent, but, being favorably situated, he finds it necessary to spend less for advertising, while the merchant whose store is situated in a side street needs to spend more for advertising in order to attract people to his store."

CITY PAYS DOCTOR BILL FOR SAVING LIFE AFTER THE PATIENT REFUSES

ROCHESTER, Minn. — The City of Rochester today will pay the bill of a physician for saving a man's life after the patient had refused to do so.

Ed Arnold was picked up in a local park last fall blundered from the effects of drinking liquor containing wood alcohol. Yesterday the doctor who attended him informed the city council that Arnold had refused to pay his bill of \$10. He said the man would have died without treatment. The council allowed the bill.

SIBERIA BLOCKS U. S. CAPITAL

Concessions Sought by W. D. Vanderlip Held Up

(BY A. L. BRADFORD)
WASHINGTON — (By United Press) — The little known Chita government of Siberia, has blocked at least temporarily, the valuable economic concessions which Washington D. Vanderlip, American capitalist, is trying to secure from the Russian soviet government, according to advices reaching diplomatic circles here today.

OPPOSED BY PEASANTS
A movement was started recently in the Chita congress by communist members to separate Kamchatka, rich in industrial resources from the territory of the republic of Chita, according to these advices.

This movement, it is understood, by Russian diplomats here, was inspired by the soviet authorities in Moscow, so as to allow the Russian soviet government to give Vanderlip concessions for development of the vast Kamchatka region.

Kamchatka was originally included in the territory of Chita, when the republic was organized. The peasant members of the Chita congress who are in the majority as the result of a recent election, opposed the separation of Kamchatka but whether a vote was taken on the question was not reported in the advices here.

PROBE UNDER WAY
Officials and diplomats in Washington are following closely all developments in the course of the proposed Vanderlip concessions which the American capitalist claimed on various occasions had been concluded. These concessions have never been concluded, so far as known here and the American government has given no indication that they would be recognized, were they definitely concluded. Vanderlip now is understood to be some where in the Baltic states and about to return to Moscow.

An American mission of observers is now in the Chita republic making an investigation of conditions for the state department here. The dispatch of this mission by direction of Secretary Hughes, followed an appeal to the state department from the Chita republic for American recognition, but the department has announced there is no hint of recognition, even in prospect in the mission.

FINAL NAVY VOTE EXPECTED TODAY

Debate on Measure in Senate
Draws to Close

WASHINGTON — (By Associated Press) — Only minor amendments remained to be considered when senate resumed debate today on naval appropriation bill. As the result of adoption yesterday by unanimous vote of the proposal of Senator Borah, Republican, Idaho, that the president be requested to call a naval disarmament conference between the United States, Great Britain and Japan, a final vote was looked for possibly late today. Debate and disposal of minor amendments, however, it was said, might delay final action until tomorrow or possibly next week.

Senator La Follette, Republican, Wisconsin, was expected to speak again today in opposition to the capital ship construction program.

The senate also planned to consider today the case of David H. Blair, of Winston-Salem, N. C., whose nomination for internal revenue commissioner has been delayed in confirmation. The opposition to confirmation has been led by Senator Johnson, Republican, California, because of Blair's course as a delegate at the Republican national convention last year, and also because of income tax difficulties some of his relatives are alleged to have had. The senate finance committee, however, after hearings recently reported the nomination favorably.

OHIO JUDGE DEAD

John W. Warrington Dies At His
Home in Cincinnati

CINCINNATI — (By Associated Press) — Judge John W. Warrington, retired justice of the federal court of appeals, died here early today as the result of a stroke of paralysis which he suffered last Sunday. He was 74 years old. He was appointed by former President W. H. Taft, a lifelong friend, in 1909. He retired two years ago.

Judge Warrington was born in Clarke-co, Ohio. He was graduated from the Cincinnati Law School in April 1889, after his return from very arduous service in the Union army during the Civil War.

He was appointed an assistant city solicitor under J. Bryant Walker in 1873, and was elected head of that office. At the end of two years he returned to private practice. He was appointed a justice of the United States circuit court of appeals in 1909. In 1911 Judge Warrington became presiding judge of that court. He retired from the bench two years ago.

WOMAN IS HELD IN
DEATH OF FIREMAN

YOUNGSTOWN — Mrs. Louisa C. Hanson was being held by police here today, following the killing of Albert C. Hanson, 42, a city fireman. Mrs. Hanson summoned police to their home here where the officers found Hanson dying with a bullet in his brain. Mrs. Hanson thus far has been unable to advance a motive for the shooting.

WEAVING NET FOR PRISONER TRIO

Prosecutor Expects to Convict
Alleged Bandits

EXTRADITION PLAN FAILS

Accused Men Grow Reticent and
Refuse to Talk

With the removal of Raleigh Ross Townsend's body to the home of his parents in Douthat, Oklahoma, the final chapters of the McGann-Townsend gang story appear to be nearing.

While the police and sheriff's department are keeping an eye open for new developments, neither is displaying any activities, but rather seem to be awaiting the special session of the grand jury which has been called for Tuesday. At that time the cases of George Donovan, Joe Willis and John Mason, three alleged yeggmen, who are being held at county jail will be investigated. It is expected that indictments charging Donovan and Willis with the robbery of the Felt brothers near Beaverdam, will be returned. Mason, it is understood will be indicted for carrying concealed weapons.

EXPECTS CONVICTIONS

Prosecutor Lippincott is plying the threads together, endeavoring to weave as strong a case as is possible. The prosecutor feels that it will be an easy matter to procure convictions of the three men, but is not allowing himself to grow lax in collecting evidence. The prisoners' attorneys, Wednesday night, expressed a belief that the men will be acquitted.

That the three prisoners will be tried in this state before being taken to Indiana to stand trial for robberies in that state, was made positive late Wednesday afternoon, Prosecutor Lippincott declared.

After visiting Governor Davis in Columbus in an effort to obtain extradition and after being refused, Detective Kavanaugh, of Port Wayne, arrived in Lima, Wednesday night and took up with Lippincott the matter of having the three alleged yeggs returned to Indiana. Kavanaugh demanded Lippincott's reason.

LIPPINCOTT'S POSITION

"These men," Lippincott told Kavanaugh, "have committed crimes in Allen-co for which I am positive I can procure their conviction. Willis and Donovan are charged with a heinous crime and I believe they should be tried in this county for the Felt brothers' robbery. Mason, it is a known fact, carried weapons during Saturday's gun fight here. These crimes are all fresh, and I believe we stand a better chance of convicting these men than the state of Indiana."

That Kavanaugh saw the matter in an identical light, may be gathered from his answer:

"I agree with you, Mr. Lippincott. Were I in your place, I believe I would do the same thing that you are doing. My only desire is to see that these men get their just deserts, whether they are tried in Ohio or Indiana."

Since being lodged in county jail, the three prisoners appear to be even more reluctant to talk upon any subject. Willis and Donovan never talkative at any period, appear even more morose now, while Mason, who was quite loquacious while in city prison apparently has received a tip to "hold his tongue."

PASTOR IS OUSTED

Presbyterian Assembly Removes
Marrying Parson from Pulpit

WINONA LAKE, Ind. — (By United Press) — Rev. J. L. McElmoyle, Maryland's "marrying pastor," was ousted from his pulpit at Elkton, Md., today by the supreme court of the Presbyterian church. The Rev. McElmoyle was charged with conducting a "Gretna Green" at Elkton and running a "marrying marathon" with another pastor there.

The charges that he indiscriminately married hundreds of elopers a year were upheld by the judiciary committee of the Presbyterian assembly meeting here.

The court upheld lower church courts in ordering the relations between Rev. McElmoyle and his flock "dissolved."

The action does not bar Rev. McElmoyle from all Presbyterian pulpits, but he must leave Elkton.

Findings of the committee came as a complete surprise to members of the assembly as reports had been circulated that Rev. McElmoyle was cleared.

ENTIRE TOWN IS PURCHASED BY BRITON

NICOLA, B. C. — (By Associated Press) — This entire town, court-house, postoffice, stores and residences, has been purchased by Major Charles Stanley Goldham, South African capitalist and former member of the British house of parliament, and is to be converted into a model English village.

The business section is to be replaced with a village green and the 20,000 acres surrounding the town, which are included in the purchase, will be laid out in model farms. A summer resort to be built on Nicola Lake is included in the plans of the major, who during construction work in town, is making his home in the court house.

Major Goldham is known as the author of several books on military and mining operations in South Africa.

UNCLE SAM TO AID IN TRADE BOOST

Plans Are Discussed at White
House Dinner

GREAT FINANCIERS PRESENT

Extension of Help to Europe May
be Outgrowth

WASHINGTON — (By Associated Press) — The administration's policy of promoting exportation as a means toward restoration of normal business conditions was discussed at a White House dinner last night attended by Secretaries Mellon and Hoover, J. P. Morgan, Paul Warburg and a number of other prominent financiers.

President Harding was said to have talked over the whole subject with his guests.

The dinner was quietly arranged and no word of its made public until today.

It was understood that while no hard and fast program was decided upon, that the discussion served to cement the belief of administration officials that one of the best remedial measures available would be active co-operation between the government and business men for revival of export trade.

AID FOR EUROPE

It was also indicated that the administration policy would turn toward some sort of aid to the financial situation in Europe as a part of the effort for general world stability.

The dinner is expected to have an echo in numerous conferences in the near future between the president and other financial leaders.

Others attending the dinner were James A. Alexander, of the National Bank of Commerce, and Charles A. Sabin, of the Guaranty Trust Company, New York; Gov. Benjamin Strong, New York Federal Reserve Bank; C. E. Mitchell, National City Bank, New York; William Kent, of the Bankers Trust Company, New York and H. C. McDermoney, Union Trust Company, Pittsburgh.

CONTEMPLATED LOAN

It is understood that one of the president's chief purposes in calling the financiers into conference was to discuss the contemplated loan of American private capital to foreign governments and the effect of such a loan on the resumption of normal industrial conditions at home and on the American export trade.

Mr. Harding is said to have laid before his guests an offer to do everything practicable to co-operate for the relief of economic conditions, while the bankers are said to have replied with expressions of willingness to work in close conjunction with the administration.

Most of those present are understood to have argued emphatically that the surest way to promote export trade would be by helping actively in the rehabilitation of European finances. It is expected to have been suggested that American products could be sold in many parts of the old world only if American capital were invested abroad to enable the purchasers to pay.

The problem of promoting American investment abroad, particularly in reinvestment form, is said also to have been brought forcibly to the front and detailed ways and means discussed at great length.

Mr. Harding had an engagement today with Charles M. Schwab, steel magnate, and although no announcement was made, the assumption was that he was consulted on the same general subject.

BILLS BECOME LAW

COLUMBUS — Governor Davis today permitted three bills to become effective without his signature, by failing to take action in the ten-day period.

The bills were: The Bing measure, amending the compulsory education laws, the proposal of Senator Chapplear requiring keeping of birth records in probate court and the Atwood bill, providing relief of a contractor.

STATE FORCES AND MINERS CLASH

Fighting Breaks Out in Hills
Near Nolan, W. Va.

REINFORCEMENTS RUSHED

Special Train Carries More
Guardsmen to Scene

WILLIAMSON, W. Va. — (By Associated Press) — George Crum, who was wounded in the fight near Nolan, W. Va., last night when Private Kackley, of the West Virginia police, and Private Manley Vaughan, of the Kentucky militia, were killed, was said by physicians to be near death in a hospital here today.

According to reports received by the authorities here, Lieutenant See, commanding a detachment of Kentucky west of the Tug river, near Nolan last night, and five men, crossed the river into West Virginia to investigate shooting from the Kentucky side. They were joined by a detachment of state police and after proceeding for about a mile, met four men whom they ordered to throw up their hands.

SHOOTING BEGINS
The men promptly complied, and, according to the authorities, a state policeman stepped forward and searched one of them whom they later found was George Crum. At that moment the firing began and Trooper Kackley was shot dead. Almost the same instant Private Vaughan fell, as did George Crum. Soldiers and state policemen closed in on the party and as quickly as possible an automobile was obtained and the prisoners brought to Williamson.

TRAIN MADE UP
As soon as headquarters here was notified, a special train was made up and Sheriff Finson, Captain Brockway, Judge R. D. Bailey and a party of deputy sheriffs and state policemen, went to Nolan.

The officers when they returned brought with them John, Edward and George Crum, Victor Elkins, and Clyde Harner. George Crum was taken to a hospital and the others to jail.

Reports to headquarters here today were to the effect that there had been no further trouble in the district.

GERMAN OFFICER SENTENCED

Convicted on Charge of Mistreat-
ing War Prisoner

LEIPZIG, Germany. — (By Associated Press) — Sergeant Hayne, accused of having ill treated British soldiers who were prisoners of war at the prison camp at Herne, Westphalia, was sentenced to ten months' imprisonment by the high court here today. He was the first German officer to be tried on criminal charges arising from the conduct of the war.

Testimony in the case was completed yesterday, and in his summing up address, the prosecuting attorney general demanded that Hayne be sent to prison for two years.

Reviewing the testimony, the prosecutor declared that while prisoners of war "could not be expected to be handled with kid gloves," Sergeant Hayne was shown to have exceeded the requirements of his position as guard over British prisoners in 28 instances.

Attorneys for the defense declared the sergeant was constantly beset with difficulties due to the hostile attitude of British prisoners at the camp at Herne, Westphalia. The British were said to have been generally unkind, to have constantly organized mutinies and to have falsely reported themselves ill.

The next case to be tried will be that of Captain Mueller, who was accused of ill treating British prisoners at the camp at Karlsruhe.

OHIO POWER COMPANIES SHOW BIG INCREASE

COLUMBUS — Ohio's electric light and power and natural gas industries showed marked expansion during 1920, according to the annual report of the state public utilities commission issued today.

The number of light and power companies increased from 176 to 183 and the number of customers from 293,433 to 364,565. The property investment advanced to \$169,984,452, from \$92,628,716. Gas consumers increased from 838,393 to 926,820 despite the falling supply which caused authorities of five companies to discontinue service to a score of cities.

ADMIRAL FLETCHER DEAD
WASHINGTON — Admiral S. S. Fletcher, commander of the Fifth naval district, died at his quarters at Hampton Roads early today. The admiral had been ill for some time. During the war, Admiral Fletcher was commandant of the Norfolk navy yard and directed part of the plans for defending the coast from Maryland to Florida.

CIGARET DEMAND MAY END STRIKE

Nine Walkout in Britain Threatens "Fag Famine"

TOBACCO MEN GIVE WARNING

Anxiety is Expected to Bring About Settlement

(By ED L. KEENE.)

LONDON.—(By United Press.)—A threatened cigarette famine today brought closer to settlement the British coal strike.

Tobacco factories with large stores of manufactured goods and with fair supplies of fuel, thus far have managed to operate. Within the last week, however, these supplies have been depleted so far that in official warning was issued by the Association of Manufacturers.

"Our factories will have to curtail production," read the warning. "Continuation of the coal strike will bring on a cigarette famine."

CONFESS TOMORROW
A cigaretteless England probably will be the final argument with miners, owner and the public in bringing about a settlement.

The warning was issued almost coincidentally with a report that Premier Lloyd-George's invitation probably will meet Friday.

Smokers, however, refused to take a settlement for granted. There was a great rush for emergency supplies, threatening to wipe out the small stocks of cigarettes and tobacco.

Observers pointed out that the miners themselves, denied the source of tobacco, would be anxious to reach a settlement. Many of the miners have credit accounts at stores in their districts. None of the men, despite the pinch, has been compelled to do without his smoke.

CIGARET FISH
Among the thousands of unemployed who are receiving help from the city, the first demand usually is for a cigarette. The "fags" are popular among the upper classes also and in the army and navy are considered indispensable.

It was believed that Lloyd George himself will preside at the forthcoming meeting of miners and owners. He was said to have assurance that both groups are anxious to make an earnest effort at settlement.

Much stress was laid on the fact that it is costing taxpayers \$16,000,000 a week to provide defense measures and to support the unemployed.

Visitors to England, were inconvenienced when coal stocks ran so low that coal burning passenger ships were delayed in their sailings. The Mauretania, now is tied up at Southampton, due to wait at least another week, before she can obtain the necessary fuel for a trip across the Atlantic.

EASY, YES INDEED!

Here's How Lima Postmaster Will Be "Examined"

Here is the kind of examination applicants for postmaster in Lima will be required to take under the Harding-Hays civil service plan.

Education and training will count 20 per cent. Business training, experience, fitness and standing in the community will count 80 per cent.

There will be no attempt made to among politicians when President Harding approves the examination, which has been submitted by the U. S. Civil Service Commission.

There will be attempt made to test the applicant's knowledge of reading, writing or arithmetic.

The applicant will write a letter to the commission applying for the job, and the other information named above.

This done, the commission will detail an examiner from headquarters to come to Lima and "get the dope" on the candidates.

A board at Washington will then pass upon the original letters and the examiner's report. Hays will call upon the congressman to make a recommendation for one of the three receiving the highest grades.

COST OF LIVING STARTED DOWN IN LIMA'S DE LUXE HOTEL CAFES AND CLUBS

Manager Freedman of the Hotel Norval has started a downward trend for cafe prices in Lima by a readjustment which lowers the cost of foods from twenty to twenty-five percent.

Lima club for its members has also reduced the \$1.25 dinner price to the popular Dollar Dinner. Both the steward and Mr. Freedman say the reduced prices have more than offset in volume the receipts of the cafes under the high-price era.

Freedman has reduced the De Luxe Dinner for which the famous Rose Room has been noted for five years. This is the six-course service formerly commanding \$1.25, the plate, now reduced to one dollar. He then cut all club breakfasts and put on a popular mid-day luncheon from soup to nuts, not seen in Lima since the days of the premier Charlie King and his renowned Oak Cafe.

HEIR TO FORTUNE SEEKING JOB

English "Remittance Man" Arrives Here "Broke"

Steven Wilson Thorley, who claims to be heir to 1,000,000 pounds sterling, headed by the Bank of England, was looking for work in Lima Thursday. Here's the reason why as told in fair-like tale:

Thorley, says he comes from one of the wealthiest families in England, but was possessed of a roving spirit. He never wanted to go to school or do things that the other boys of the wealthy class were content to do. He wanted to see the world and see it he did. When he was 17 he shipped on one of England's many ships and started out for foreign lands.

Some time afterward his ship was wrecked and for two days he floated on the ocean washed to a piece of the mast. He wasn't cured, however, and a few months later he was sailing away from his home again.

WAS IN ARMY
Later he entered the British army, first as a bugler and later with the Royal Medical Corps. With this organization he served for a number of years in India, Africa and Egypt.

Upon his discharge he traveled for some years as a "remittance man" receiving \$500 a month from his family at home. While in the U. S. his monthly checks stopped coming and he entered the Royal Northwest Mounted Police and served in Canada and Alaska. For the last few years he has been working at various places on the Pacific coast, his latest job being at Portland, Oregon.

Last January, while in Portland, he received word that his mother had died and, as he was the eldest son, the entire estate had become his property. Along with the notification was several thousand dollars which was to pay his expenses to London. Friends advised him however, that it was unnecessary for him to leave the United States. He remained here and spent a greater part of the money. Too late he discovered that he must go to London to get his fortune and he started east.

MANY AMATEUR SLEUTHS OFFER AID IN SEEKING OUT BANDIT M'GANN

Correspondence school detectives, and amateur sleuths who have received their training from a life-long study of the exploits of "Old Cap Collier," "King Brady," and last but not least the life achievements of "Nick Carter," have offered their services to the police department and the city is ferreting out the hiding place of "Red McGann."

Three such persons have consulted Mayor F. A. Burkhardt, with the view of being employed to solve the mystery. Mayor Burkhardt told them he would take the matter under advisement and let them know later—considerably later.

Chief Roush has been posted almost to death by persons with keen master minds, who wish to assist him in running McGann to earth.

Some of them offer their services gratis. Others hint that at whatever amount their remuneration is fixed, it will be satisfactory.

U. S. AMMUNITION FOUND IN DUBLIN

Secretary for Ireland Reports Capture to Commons

BRITISH PROTEST IS LIKELY

Discussion Also Turns to Sum of Money Raised

LONDON.—(By Associated Press.)—American ammunition totalling 15,388 rounds has been captured in the Dublin district since March 26, last, Sir Hamar Greenwood, chief secretary for Ireland, stated in the house of commons today.

The chief secretary made this statement in reply to Colonel Martin Archer-Shee, Unionist member for Finsbury, who asked him whether ammunition of American manufacture had recently been captured in raids on Sinn Fein premises in Dublin, and if so what was the amount and the nature of the captures.

Colonel Archer-Shee, in a supplementary question asked whether in view of the fact that large sums of money had been raised in the United States for support of the campaign of assassination and anarchy in Ireland, strong representations would be made to the United States government with reference to this fact and the finding of this ammunition.

Another member wanted to know how it was that this large amount could come to Ireland and whether Sir Hamar would ask the United States to assist in preventing its so doing.

The chief secretary said he noted the importance of these supplementary questions and would confer with the foreign secretary regarding them.

GOOD ROADS DAY IS POSTPONED

Delphos Plans Program for Memorial Day Observance

DELPHOS.—Altho word was received here from County Surveyor T. J. Fridley to the effect that Thursday has been set as Good Roads Day in Van Wert Co., in place of Tuesday, the work will have to be postponed at least until Saturday, because the Limestone Quarries Co. of this city, which was to furnish stone for the roads, will be unable to deliver the materials until that day, according to W. R. France, manager of the company.

About 70 Delphos men volunteered and \$150 was subscribed.

Real Post No. 35, C. A. R. will decorate all graves and a salute will be fired at each of the cemeteries by the American Legion firing squad on Decoration day. A program has also been prepared by the former.

Ruth Lucinda, aged ten months, the infant daughter of Mr. and Mrs. Owen Hughes of this city died late Tuesday night from a complication of diseases. Funeral services Friday morning.

Miss Veronica Klein, Ottoville, and Peter Fishback, of this city were united in marriage Wednesday at the Immaculate Conception church at Ottoville. They will make their home on a farm in this vicinity.

BUSHNELL AGAIN HEADS BUCKEYE PIPE LINE CO.

Officers of the Buckeye Pipe Line Co. were elected at the annual stockholders' meeting at the office building, 137 W. North-st., Wednesday afternoon.

Douglas S. Bushnell was re-elected president and George Chesebro was re-elected secretary of the company. New officers are: T. H. Green, vice president and W. F. Livingston, treasurer. All save Green are from New York City.

Directors elected are: R. L. Bates, G. H. Pifer, G. P. Dilline, D. S. Bushnell and T. B. Green. The entire board of directors with the exception of Bushnell are Lima men.

ASK BIDS SOON ON SEVEN SEWERS

Long Delayed Project to be Taken Up—More Paving

Seven sewer projects, approved by legislation of council that have been held up for several years on account of high prices and delays incident to the world war, are to be advertised for letting within a few days by Service Director Elmer McClain. Approximate cost of the seven-sewers will be \$21,000.

Surveys and estimates on the projects have been completed by City Engineer Vaughn Miller and placed in the hands of Director McClain.

Contractors may bid on any or all of the jobs, said Director McClain, but the work will probably be let to a firm that submits a bid on all of the seven.

The work to be let provides for construction of sewers in Highland-ave, Fairview to Second-st; Marion-ave, McDowell to Baxter-st; Pierce-st, Market to North-st; Quinn-st, St. Johns-ave to Hugob-st; Third-st, Main-st to Reese-ave; Rosedale-ave, Elm-st to Lakewood-ave; Kennilworth-ave, Elm-st to High-st. The latter project is part of the system still being mapped by Fuller & McClintock.

Within the next week the city will also advertise the letting of contracts on 16,000 square yards of paving, mostly small jobs. The projects will be offered together, to afford paving men opportunity to make a price on all.

Included among these proposed improvements will be laying paving in Elizabeth-st from Bureka to Water-st, the stretch to take in Elizabeth-st bridge. Contract for paving the bridge is already let, brick being specified. Director McClain is seeking a way to change specifications to asphalt to conform with the paving to be laid at either end of the structure.

"All these contracts will be pushed thru as rapidly as possible," Director McClain said. "Property holders have been waiting a long time for these improvements and moreover the contracts will furnish employment for many idle men."

BAN BARE KNEES

New Policewoman to Carry Out Mayor's Order

"Mothers of Lima will be asked to say what they think the maximum age for girls who bare their knees should be," said Mrs. Amelia Van Gunten Thursday. She was appointed special policewoman, or as she prefers to be called "big sister," by Mayor Burkhardt.

The mayor is using a part of the special fund appropriated by council some time ago for investigation, to pay for the services of the policewoman.

Mrs. Van Gunten will assist in carrying out the orders of the mayor that bare knees must disappear from the streets. The only exception will be young girls, probably under ten or eleven years old, who will be exempt.

Mrs. Van Gunten said she would endeavor to secure the complete cooperation of all officials in her work. She expects to be able to accomplish much in her line and will make a special appeal for homeless and motherless girls to confer with her on any subject. She has assumed her new duties.

AUTOMOBILE IS USED TO RUN PRESS WHEN POWER IS SHUT OFF BY COMPANY

ROCK RIVER, Wyo. — The "flivver" is indicated once more!

The Rock River Review, published by Royal A. Young and edited by his wife, Rose A. Young, has a cylinder press driven by an electric motor that derives its power from the local light plant. When the plant was closed down recently because the owners declared, they were furnishing lighting and other electrical power at a loss Mr. Young found a perfectly good Craton press on his hands; his "forms" for the daily paper were "locked up" and on the bed of the press and his mailing clerk was ready to get the paper into the mails. But there was no "juice."

The motor would not go without power, and the press could not run off papers without the motor being started.

While Young pondered the situation he thought of his flivver. Backing his faithful Ford up to the building he hoisted one wheel off the ground, removed a tire, slipped the transmission belt of the press to the tireless whopl, and started the engine.

The edition was run off at the rate of 1,700 papers an hour; the tire was replaced on the wheel; the Ford was led down onto terra firma again and the folded papers thrown into its tonneau whence they were delivered to the subscribers.

Various amusements and refreshments will be served. "Merry Makers." Jazz orchestra members have offered their services for the affair.

DRINK CHAMPAGNE

Dry-Laws Fail to Stop Flow of Sparkling Liquor

WASHINGTON — "Dry" laws have not stopped the drinkers of sparkling French champagne.

Boat loads of that rare old luxury are now being used by Americans. This fact is shown by French government figures disclosing large increases in shipments of champagne to the United States.

French champagne exported to American buyers last year, the first twelve months of national prohibition amounted to \$384,000.

In the preceding year, before the Volstead law went into effect, France exported only \$1,158 worth of champagne to the United States.

American Consul General Thakara, at Paris, called attention to the Commerce Department. He said the movement of champagne this year is equally large.

Government experts said the figures disclosed that Americans, therefore, consumed nearly 400,000 quarts of French champagne after the dry law went on a little more than a year ago.

French champagne and other rare wines from abroad are now coming into American ports under special permits issued to importers authorized by the Government to handle such liquor for "medicinal" or other uses enumerated under the dry statute.

PLANS READY FOR WAPAKONETA 'Y'

Alleged Chick Hatchery Swindle —Wapak News

WAPAKONETA. — (Special.) — The board of education and Y. M. C. A. committee of the Chamber of Commerce accepted preliminary plans for the new "Y" and library building here. After revisions are made by the Y. M. C. A. International building bureau they will be given to local architects for final preparation.

Froehlich & Emery, Toledo electrical engineers, submitted plans for the city's new municipal lighting system. They carry an estimate of \$112,000.

Roy E. Layton, former Adjutant General of Ohio, was appointed chairman of the resolution committee Department Encampment of the United Spanish-American War Veterans, the annual encampment to be held June 26-29 at Lorain.

Ed S. Lusk, deputy county clerk, entered Grant hospital at Columbus to undergo a general examination. He has been in failing health.

Many persons here complain of having been film-flamed by a Kansas City chick hatchery. During the winter they sent orders for baby chicks for delivery during the chick season. They accompanied orders with money and neither their money nor the chicks are forthcoming.

M. D. Leithausen, formerly of Ridgeville Corners, opened a drug store in the former McFarland building here.

Revs. Luke Rath and Alexius Schuette, Ft. Wayne, Ind., are conducting a mission at St. Joseph's Catholic church here.

Ed Hall, examiner of the state bureau of uniform accounting, is examining the books of the county offices here. The last examination was conducted two and a half years ago.

Miss Norma Winter of this city was granted a life certificate for teaching, according to the state educational department.

So far the office of the county clerk collected \$350 in fines from persons indicted by the May term of the grand jury.

ZIONIST LEADERS IN CONFERENCE AT CLEVELAND

CLEVELAND — Another busy day was before Professor Albert Einstein, the propounder of the Einstein theory of relativity, and Dr. Chaim Weizmann, president of the World Zionist organization, who are touring the country to raise \$100,000,000 for the rehabilitation of Palestine.

This morning they went into conference with Zionist leaders who came here from throughout the state. Matters under discussion included the organization of the state campaign to raise Ohio's quota of \$1,000,000.

Approximately \$200,000 was subscribed at a mass meeting last night. A special reception for Mrs. Einstein and Mrs. Weizmann was set for upon when it was planned to present them with a "treasure chest" of jewels and valuables contributed by over 2,000 Cleveland Jewish women toward the fund.

LION CONVENTION HERE IN 1922

Boosters From Lima at Dayton Win Next State Meet

The 1922 state convention of Lions clubs will be held in Lima, as the result of the efforts of the local Den in the closing hours of the convention at Dayton Wednesday night.

Opposition was encountered from Cincinnati, Canton and Newark, but the final voting was between Canton and Lima and after an enthusiastic talk by Elmer McGinn, Lima carried off the honors by a wide margin.

Nearly a thousand visitors were present at the meeting and dinner dance that followed in the Miami hotel. It is predicted by state officials that the attendance next year will be fifty per cent greater.

Congressman Simeon D. Fess gave the principal address of the morning session. In the afternoon John S. Noel, International Director, gave a very instructive address on "Lionism." Dr. B. W. Beatty of Dayton, was re-elected District Governor.

Boxwell, Green Camp; Fred C. Dogle, Circleville.

ESCORT OF HONOR

An escort of honor from the United States barracks will meet the train bringing the bodies to Columbus.

Members of the committee which visited the pier at New York to arrange for the return of the bodies were Judge B. W. Hough, Senator Thomas W. Jones, Representative W. C. Wendt and Colonel J. M. Bingham.

RESIGNS AS PLAN NEARS REALITY

Mrs. Woolley, Cincinnati Schools, Goes to Detroit

CINCINNATI — (By Associated Press) — The establishment of a hospital for children with mental ailments, as an adjunct of the Cincinnati General Hospital, is one of the most cherished dreams of Mrs. Helen T. Woolley, who has resigned as head of the public schools vocation bureau, and who, in her ten years in that position, has gained national recognition as an educator and child psychologist. She has accepted a position in Detroit.

Under Mrs. Woolley, Cincinnati schools are said to have been given the distinction of being first in the country in public school child welfare work.

BACKWARD CHILDREN PROBLEM — "The hospital should not be for children of low mentality," said Mrs. Woolley, "but the slightly unbalanced, nervously unstable children, who, in our schoolrooms are one of the greatest problems. They puzzle the teachers, their presence interferes with attention required by the others, and they themselves are handicapped by lack of special understanding and attention. I believe that proper treatment at such time would cure the nervous condition of any such children."

STARTED IN TWO ROOMS — The work of living Cincinnati children psychologists tests started in two rooms back of an old school building. Now, the offices cover an entire floor in a modern building.

Belts of wampum (shell money) sometimes called "seawan" were recognized both by the Dutch and English about New York for a long time as currency.

Skeletons and cremated ashes of human beings buried about 2,000 B. C., have been found in England.

The first marine insurance, according to the conjecture of Suetonius, was in the year 43.

Lima District Luther league convention will be held in Bethany Lutheran church, Spring and Pierce streets, Friday, May 27. The Rev. W. C. Spayde is the entertaining pastor.

Three sessions will be held. The morning meeting will begin at 10 o'clock, the afternoon session at 1:30 and the evening assembly at 7:30 o'clock. H. A. Slonecker, Lima, is president; Mrs. Leo Walter, Convoy, vice president; Miss Marguerite Moyer, Lima, recording secretary; Miss Cora DuBols, Wapakoneta, statistical secretary; Miss Grace Kruse, Lima, treasurer.

Lima district Luther league includes Allen, Auclaise, Hardin, Mercer, Pauling, Putnam, Shelby and Van Wert counties. Dinner and supper will be served the visitors at the church.

The Rev. Paul Broxy, pastor of St. Paul's Lutheran church, will lead the morning devotional service. A song service will follow. Delegates from Wapakoneta and Convoy will take part in the discussion, "Luther League Problems." Appointment of committees will be made at that time.

John Hoefler, Van Wert, will conduct the afternoon devotionals, followed by a song service. The Rev. B. F. Hoefler, Van Wert, will speak on "Luther League Topics, Past and Present." "Demonstration of Present-Day Topics" will be led by Luther T. Spayde, Lima. The special topic will be, "Reasons for Regularity in Attending Church."

Luther T. Spayde will play the organ prelude at the evening session. His father, the Rev. W. C. Spayde, Lima, will be in charge of the opening service.

The Rev. Wayne O. Kantner, Mansfield, will give an address on "The Opening of a Closed Book." Miss Marguerite Moyer will favor with a solo.

FLYING TO CAPITAL

Ace On Way From California to Washington

REDWOOD CITY, Cal. — (By Associated Press) — Captain Eddie Rickenbacker, American ace, left here at 8:32 a. m., on a flight which he hopes will take him to Washington, D. C., by tomorrow night. It was his second attempt to get away today, the first having been stopped by fog.

Before leaving the second time Rickenbacker expressed a doubt that he would reach Washington tomorrow night. There is some chance of his doing so if he can reach North Platte, 1200 miles, air line from here tonight, he said. He expects to "bomb" the cities over which he passes with copies of the Memorial Day address of the national commander of the American Legion. The real purpose of the flight is to enable him to attend a banquet given by the Metropolitan Club in Washington on Saturday.

Rickenbacker, is flying "light" with the machine parts and accessories down to an irreducible minimum. This enabled him to get away with 330 gallons of gasoline and 30 gallons of oil, enough for a 24 hour flight.

MONEY IDENTIFIED

Suspect in New Castle Bank Robbery Held at Toledo

TOLEDO — (By United Press) — A roll of new money found on William Fisher, arrested here today, has been identified by Inspector of Detectives Louis and Detective Delaney as being issued by the Union National Bank, New Castle, Pa., which was held up on Tuesday.

Fisher, who was arrested while asleep at his rooming house, tried to ditch the money, \$497, while being searched at police headquarters. Police are confident that Fisher and Sam Ross, arrested in the same room with Fisher, and who had \$487, know something definite about the New Castle robbery.

AMERICANS MAY BUY NOTES

Plan of Funding Foreign Debt to U. S. Discussed

DEFINITE DATES TO BE SET

Full Arrangements Will Be Completed in Year

By RALPH F. COUCH
WASHINGTON — (By United Press) — "Funding" of the \$10,000,000 debt of the allied governments to the United States will take place within a year, it was indicated today by Secretary of the State Treasury Mellon.

By "funding" officials mean completion of arrangements by which the debtor nations will deliver their long term securities to the government and fix definite dates on which interest will be due and paid.

MAY BE SOLD

When the long-term securities of Great Britain, France, Italy and the other debtor nations finally are delivered to this government, they may be sold to American citizens under a plan touched on by President Harding in his speech in New York. The American government holds now only what may be termed "temporary paper" or promissory notes of the governments to which it loaned money during the war. This paper is referred to as "demand paper." Technically, it is payable whenever this government calls for payment. It bears interest at five percent annually, payable semi-annually. But it differs from the borrowings of the United States government from its citizens during the war, in that no specific date is fixed for payments of the principal. It is therefore regarded as "unfunded."

WILL PAY BONDS
Through the proposed sale of the "funded" debt or permanent securities to be delivered to this government by the debtor nations, the United States would be able to pay off about \$10,000,000,000 Liberty bonds or notes. The debt of the allied governments then would be to the credit of the American investing public instead of the government of the United States.

Arrangements for deferring interest payments on the demand notes were completed by the Wilson administration about two years ago. In deferring the payments another year, the Harding administration, however, argues that it is merely carrying out the promise of the United States to the borrowing nations. But there is another reason for deferring the interest payments perhaps more than one year, it is explained by officials of the treasury department. The interest on the total debt is about \$500,000,000 a year. Were this government to demand payment promptly, more than a dozen debtor nations would be obliged all at once to exchange their pounds sterling, their francs or their lire for American dollars.

SLAIN BY WOMAN

Man Shot When He Grabs Denver Policeman's Wife

DENVER, Colo. — (By Associated Press) — Mrs. James Case, 22 years old, wife of a Denver patrolman, shot and killed a man who attempted to seize her as she was returning to her home late last night.

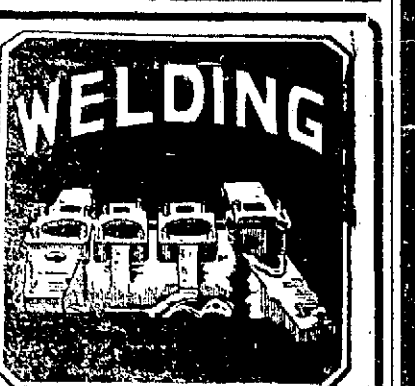

Mrs. Case said she had just placed her automobile in the garage, adjacent to her home, when her assailant stepped out of a doorway in an apartment house and seized her by the arm.

She escaped from his grasp and shot him three times with a pistol.

MRS. BROTHERTON SUES DIVORCED HUSBAND ON NOTE, SEEKING \$3,400

Mrs. Bertha G. Brotherton has sued her divorced husband, Clyde J. Brotherton, for \$3,400, claimed to be due on a note given her September 25, 1920. A part of lot 231 in Baker's addition to Lima was used as surety on the note.

In her petition Mrs. Brotherton seeks foreclosure proceedings against the property and its sale. The Citizens' Building & Loan company, B. S. Porter & Son and the Oil City Oil & Grease company, who Mrs. Brotherton says claim an interest in the property, are made parties to the suit.

BRIDE 72, MISSING

Husband, 38, Held by the Police in Seattle

SEATTLE, Wash. — (By United Press) — Police investigation of the disappearance of Mrs. Kate Mahoney, 72, bride of James E. Mahoney, held here on a charge of forgery, was given a new turn today by the report of A. F. Morris, local advertising man, to the police that he had overheard Mahoney and two unidentified women discussing plans for obtaining Mrs. Mahoney's fortune, according to Detective Captain Charles Tennant.

Mahoney, according to police, said he was separated from his wife, while on a honeymoon tour in St. Paul, Minn., last month. He is 38 years old. The charge against him is based on an alleged fraudulent order, purporting to have been signed by Mrs. Mahoney, permitting Mahoney access to a safe deposit vault.

CHILDREN SAVED BY COW GLADS

Amazing Rejuvenation in Ohio
Cases Are Reported

DWARFS MADE TO GROW

Dr. H. H. Goddard Tells of Won-
derful Treatment

COLUMBUS — (By Associated Press) — An amazing rejuvenation in two children, apparently doomed to physical and mental incompetency for life, by the use of cow glands, has taken place in the last few weeks, according to Dr. H. H. Goddard, head of the state bureau of juvenile research. The children are those of Mrs. J. V. Espenschied, New Philadelphia.

The treatments were given in the form of tablets, composed of powdered cow glands, and were to supply the blood with the material ordinarily furnished by the thyroid gland.

Such treatments have been used before, but results in these two cases have been unusually satisfactory, Dr. Goddard said.

According to him, in 27 days one of the children has grown three inches. She was hardly developed at all when the treatments started, but now has hazel eyes that are beginning to show intelligence, the psychologist said.

The other child is responding to the treatment but not so rapidly. "When I first saw the two children I thought they were twins about two and a half years old," said Dr. Goddard. "In reality, one was seven and the other still older. The oldest child is the one that is responding so rapidly to the treatments. When they were brought to me, the children could neither walk nor talk."

The children, Dr. Goddard said, are of the nature of cretinism. A cretin, he explained, is a person in whom the thyroid gland is absent, or if present, does not function properly. The only function of the gland, as far as is known, is to stimulate growth, he said.

INGROWN NAIL

Toe Nail Turns Out Itself if You
Toughen Skin

A noted authority says that a few drops of "Outgro" upon the skin surrounding the ingrown nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can penetrate the flesh, and the nail turns, naturally outward almost overnight.

"Outgro" is a harmless, antiseptic, manufactured chiro-podist. However anyone can buy from the drug store a tiny bottle containing directions. Adv.

To Whiten and Clear the Skin

Muddy or
sallow complexion,
blemishes, freckles,
or blotches, are
cleared and
whitened in a
very short time
by using the
following:

Take some glycerine and santonin and dissolve in a cream freshly
white cream and by its liberal use
a tremendous improvement will be
noted in the complexion within a
few days. The ingredients may be
obtained in any drug store.

You Who Have So Often Wished
For Something That Really
Would Take Away the
Wrinkles

Just learn what a difference there
can be between a cream freshly
made at home and one that has
been standing for months on a
drugstore shelf.

The skin can be brought back to
its original plumpness and vigor
by the following formula. An
astounding result is the quick dis-
appearance of wrinkles, little and
big, crows feet, and lines around
the eyes. It is simple and can be prepared
in a few moments, by adding to
half a pint of water one tablespoon-
ful of glycerine and two ounces of
santonin. This takes years from your
appearance and is always sure and
positive. Its work if you will
apply it liberally, every day.

To Have the Arm Pits Soft and
Free from Hair

You can be sure that there is but
one sensible way to remove hairs
from the arm pits. It is foolish
to "pull" them off, injuring and
spreading the skin. The only
safe way is to use a solution. This
hairs completely, and leave the skin
tenderly soft and smooth. It will
not irritate the most delicate skin.
Sulfur solution is the most obtain-
able at nearly any drug store.

Kidney and Bladder Troubles Conquered or Money Back

For 40 years, said Dr. Carey, I have been prescribing Marshroot for kidney and bladder sickness and now that I have retired from active practice I have made arrangements with leading druggists to dispense this wonderful prescription at a moderate price, on the money back if dissatisfied plan.

Beware of kidney disease—thousands die of it every year who ought to be enjoying the blessings of life and health. Watch the symptoms. If you have specks floating before the eyes, puffiness, clammy feet or moist palms, backache or headache, you ought to get a bottle of Dr. Carey's Marshroot right away.

It has wonderfully benefited tens of thousands of cases of kidney and bladder troubles and is the medicine you can always depend upon. Results are guaranteed.

NOTE—Dr. Daniel G. Carey was a practicing physician for many years and his great Prescription, Marshroot, aided thousands of sufferers from kidney and bladder troubles. Hereafter you can always get this effective prescription at Hunter's Drug Stores and all reliable pharmacists the country over. Keep in mind the name, Dr. Carey's Marshroot, No. 777. No other medicine can take its place.—Adv.

RHEUMATISM

Leave You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless.

Mr. James H. Allen, the discoverer of Allenru, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases, and he has instructed Hunter's Drug Stores, Enterprise Drug Store, Thompson's Drug Store, Interurban Drug Store, Public Drug Store to guarantee it in every instance.—Adv.

SEEKS RED CROSS AID, IS HELD AS DESERTER

VAN WERT — Herbert Hildebrand, 20, is in the county jail here, awaiting further instructions from federal authorities after a telegram was received from Chabute Field, Rantoul, Ill., stating that he was a deserter from that place. Hildebrand appeared at local Red Cross headquarters several days ago, seeking aid to continue his way to his home at Oceanside, N. Y. When he could not produce his discharge papers, the authorities wired Rantoul for information.

GIRLS! LEMONS WHITEN SKIN

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents. Shake well, and you have a quarter pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rosy-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate. Adv.

To Reduce Dangerous Varicose Veins

People who have swollen veins or bunches should not wait until they reach the bursting point, which means much suffering and loss of time, but should at once secure from any reliable druggist a two-ounce original bottle of Moone's Emerald Oil (full strength). By using this powerful, yet harmless, germicidal treatment improvement is noticed in a few days and by its regular use swollen veins will return to their normal size, and sufferers will cease to worry. Moone's Emerald Oil treatment is used by physicians and in hospitals and is guaranteed to accomplish results or money returned. It reduces all kinds of enlarged glands, goiters and wens and is used exclusively in many large factories as an unfailing first aid to the injured antiseptic. Generous sample on receipt of 15 cents, silver or stamps. International Laboratories, Rochester, N. Y. Your druggist or 2 Hunter's Drug Stores, Thompson's Drug Store, Interurban Drug Store, Public Drug Store can supply you.—Adv.

BANDIT'S BODY TO BE REMOVED

Mother of Townsend to Begin Sad Journey Homeward

UNKNOWN SENDS FLOWERS

No Requiem for Wayward Son Who Lost His Life Here

All that is mortal of Raleigh Ross Townsend, bandit slain by police on Saturday in a battle on S. Elizabeth-st., will be conveyed to his former home in Joplin, Mo., Thursday night, for burial.

There will not be a word of prayer at the Williams and Davis mortuary, where the body has lain since death. Townsend's mother has decided she wishes no service, but it is her desire to leave with the body at once and with as little ceremony as possible.

She is conveying the remains consigned to her at Joplin. The town of Douthat, Okla., where the Townsend family resides, is only a few miles from Joplin. The body will be conveyed overland to Douthat from Joplin, where funeral services will be held.

BURIAL AT JOPLIN

Then the body will be returned to Joplin for burial. A large box of beautiful flowers, intended for the casket of Townsend, was received at the Williams & Davis mortuary, Thursday morning. There was no name to indicate the sender.

The body reposes in a casket of steel gray. The flowers from the unknown person were placed on the casket. Two other small bouquets were brought in while Townsend lay upon the bier.

Mrs. Townsend and her son Jefferson, 17, who accompanied her to Lima from Oklahoma, Mrs. Florence Kennedy and Mrs. Eva King Townsend, of Toledo, who came to Lima during the afternoon Wednesday, returned to Toledo, Wednesday night. Mrs. Eva Townsend said the dead man's mother and brother would remain with her at her residence, 622 Orange-st., Toledo, until some time Thursday, when they would return to Lima, preparatory to making the trip back to the south-west with the body.

The mother said that Eva had written her of her marriage to Townsend, but that she never knew their Toledo address. The telegram was signed "Eva," as were all her letters.

The mother stated she did not know where to get in communication with her daughter-in-law and telegraphed Mrs. Kennedy, whom she had previously visited in Toledo. Mrs. Kennedy did not give her Toledo address.

It was when Mrs. Kennedy wired Mrs. Townsend to come on to Toledo, that her son was seriously ill, that the mother started to Toledo. Upon arriving there, she was informed of the gun battle and of the death of her son.

Mrs. Kennedy proffered her services to accompany the mother to Lima. She said she knew little of Eva King Townsend, but that once while Townsend and his wife were staying at a Toledo hotel, they invited them to their home as guests for a short time.

MEET AT CAMP SHERMAN

Mrs. Kennedy first met Mrs. Townsend, the mother, she said, when she visited Camp Sherman. Mrs. Kennedy's husband served in the same regiment as did Raleigh Ross Townsend, the dead man. Both were stationed at Camp Sherman. Then Townsend was sent overseas. Kennedy did not leave the states.

Enroute to her Oklahoma home from Camp Sherman, Mrs. Townsend visited Mrs. Kennedy in Toledo. She had corresponded with her and knew her address, thus prompting her to get into communication with Mrs. Kennedy when she did not know the address of her daughter-in-law.

Mrs. Eva Townsend, who says she is the wife of the dead man, announced she would not accompany the body back to Oklahoma. Mrs. Townsend, the mother, says she has no absolute proof the woman was married to Townsend, altho she had written her of their marriage. Her son never discussed that matter with her, Mrs. Townsend said.

The long trip from Douthat to Toledo, only to be met with the knowledge her son has died and that his death was due to efforts of police to capture him for participation in a bank robbery, was a crushing blow to Mrs. Townsend.

In telephonic communication with Undertaker Davis from Toledo, Thursday morning, she asked that she be allowed perfect rest and quiet upon reaching Lima. She stated she was on the verge of nervous collapse and feared she would be unable to make the trip back to her home with the body.

It was for that reason no services were held.

FORMER LIMA WOMAN

MRS. B. F. MATTHEWS DIES IN COLUMBUS

Mrs. Matthews, widow of the late B. F. Matthews, former Lima architect, died Wednesday in Columbus, according to information which reached friends in this city Thursday.

Mrs. Matthews never fully recovered from the shock of the death of her son Burt, who gave his life for his country while serving in France in the world war. Mrs. Matthews husband had the honor of planning some of the largest and most modern Lima buildings.

The Matthews family was widely known in Lima and have a large circle of friends here. Their three sons were graduated from the Lima High school, afterward attending Ohio State university.

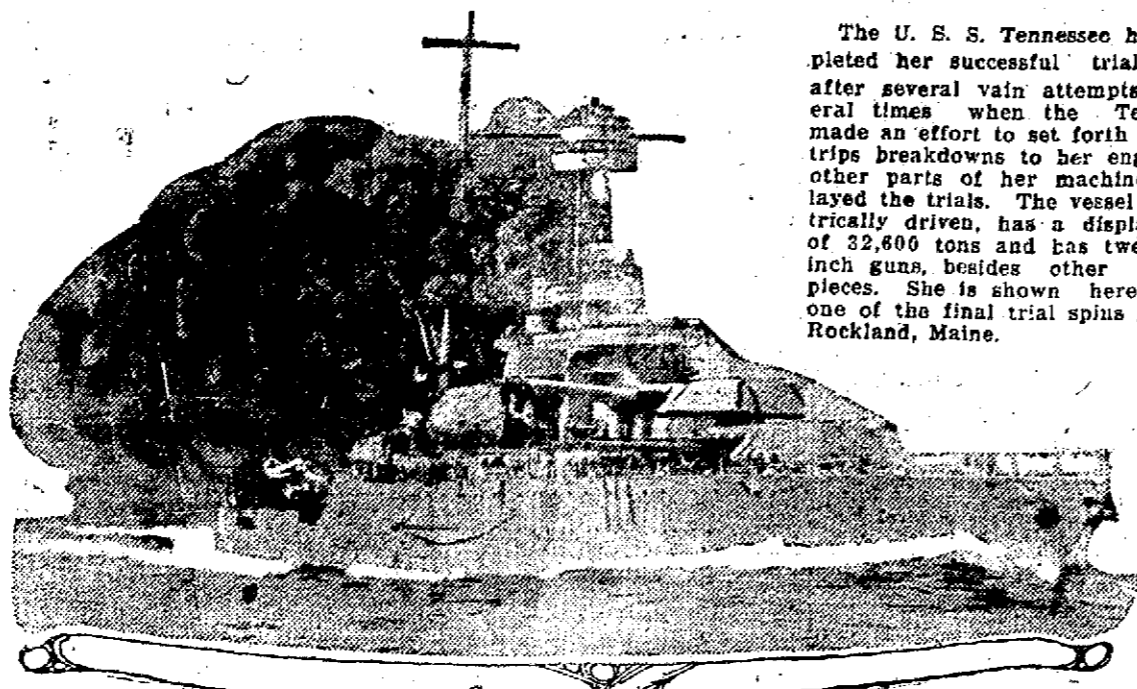

Orval Matthews, architect, is located in Mansfield, Lewis, another son, who is also an architect, resides in Dayton. The son Burt was in the aerial service of the government in the late war.

Funeral services will be held in Nelsonville, Ohio, Friday.

TENNESSEE, ELECTRICALLY DRIVEN, COMPLETES SUCCESSFUL TRIAL TRIP

Super-dreadnaught Tennessee plowing through heavy seas off Rockland, Maine.

The U. S. S. Tennessee has completed her successful trial trips after several vain attempts. Several times when the Tennessee made an effort to set forth on trial trips breakdowns to her engines or other parts of her machinery delayed the trials. The vessel is electrically driven, has a displacement of 32,600 tons and has twelve 14-inch guns, besides other fighting pieces. She is shown here during one of the final trial spins just off Rockland, Maine.

WAS IN WAR NAME NOT ENROLLED

Unusual Case of Aged Auglaize-co Citizen

Is it possible for a man to have served his country with honor and still not be on the records of either the War or Navy Departments?

Congressman Cable thinks so and for that reason has introduced a special bill in the House of Representatives directing the Secretary of War to place the name of George R. Gary, of New Hampshire, Auglaize-co, on the muster rolls of Company I, 45th O. V. I. in the civil war and to grant him an honorable discharge.

Gary enlisted with the company and was given a ten days leave of absence, being ordered to report to Columbus at the expiration of his furlough. In the meantime his company

was mustered into the Federal service and as Gary was on furlough his name was not included.

When his leave of absence expired, Gary reported to Columbus as directed and joined his company. He served for more than three months before it was noticed that he was not on the muster roll. During this time the company had seen some hard service and Gary was physically incapacitated. He was then examined and because of disability was dismissed from the service.

Now that he is approaching his 80th birthday Gary feels the need of a pension, but due to the fact that his name does not appear on the records of the company he cannot be paid compensation. Substantial evidence in support of Gary's claim has been filed.

EDWARDS MAY WIN COLLECTORSHIP

Lima Man Likely Beneficiary of Ottawa-Toledo Deadlock

That Thomas J. Edwards of this city will be appointed by President Harding as collector of internal revenue at the Toledo port, is considered more than a possibility, was the word received here Thursday. He is expected to succeed Frank B. Niles of Toledo, a Democrat.

Representative John L. Cable is strongly urging the appointment of the Lima man as a "harmony" candidate for the \$6,000 collectorship, over which there is now a deadlock between Charles H. Nauts of Toledo backed by Walter F. Brown and the Lucas-co Republican organization, and George Stauffer of Ottawa, who has the backing of Senator Frank B.

Willis. Edwards was formerly clerk of the courts of Allen-co and in 1912 was the Republican nominee for clerk of the Ohio Supreme court. Washington advices state that he had originally declared himself for Nauts, but after Stauffer became a rival candidate, withdrew his endorsement of Nauts and became a candidate himself. Edwards has the endorsement of the Allen-co Republican committee.

Unless Brown and Willis, who are both high in the esteem of President Harding, can come to some agreement on the Toledo collectorship, it is now considered likely that Edwards will be appointed.

SULLIVAN AND KISER FINED \$1,000 EACH

When placed on trial in police court Thursday, on a charge of violation of the Crabbe act, John M. Sullivan, N. Jackson-st., and O. S. Kiser, W. Market-st., were each fined \$1,000 by Judge Jackson.

Attorneys, representing the two men, filed notice for an appeal.

LIQUOR CASE CARRIED TO SUPREME COURT

COLUMBUS — Question as to whether prohibition enforcement officers can prosecute a man whom they have procured to buy liquor them is raised in a petition filed the supreme court today by attorneys for John Robinson, of Mt. Vernon, who was convicted of selling a pint of liquor, to enforcement officers and fined \$300 and costs. A recent decision of Federal Judge Sater of Columbus and other decisions of a similar nature dismissing prosecutions where prohibition inspectors were parties to the purchase of liquor, are cited in the brief of Robinson's attorneys.

SUCH LUCK AS THEY WERE HAVING WAS TOO GOOD TO LAST

SENTIMENT DISREGARDED

POPULAR sentiment in favor of Mayor Burkhardt dropping his puerile charges against his chief of police following the brave showing of that officer and his men a few days ago in rounding up a band of desperadoes has had little effect on the city's chief executive.

The charges against Chief Roush on which he was given a hearing and reinstated by the civil service commission after the mayor had suspended him were:

- 1—Insubordination for failure to wear a uniform.
- 2—Insubordination for failure to enforce orders to break up spitting on sidewalks.
- 3—Insubordination for failure to secure posters, declared by the mayor to be immoral, as evidence in barring a show from the city.

These charges still stand against the head of the police department who led a detail of men, no less brave than himself, in the face of a rain of bullets from a desperate gang of yeggs and captured all except one, who was wounded twice before escaping. The case is pending in common pleas court to which it was appealed after the civil service commission unanimously decided the mayor did not offer enough evidence to support his act.

These are the charges which the people of Lima would vote overwhelmingly to drop had they the opportunity. Were they of a serious nature sentiment probably would not be so strong for their dismissal, but they constituted the basis for a trial which proved one of the biggest fiascos in the history of the city.

Mayor Burkhardt expressed praise for the police for their work last Saturday. He could have made that praise many times stronger by wiping the slate clean, admitting his charges were childish and doffing his hat, as all Lima did, to the valiant officers.

WASTE OF FUEL

WE are a nation of wasters, despite the lesson we were taught, indelibly it was then thought, during the progress of the war. Just as the great body of the American people was becoming impressed with the necessity for saving and conserving and broadening human effort to increase the ratio of production to offset the enormous demands for resources of all kinds, the great struggle came to an end and almost over night we returned to our old ways of reckless waste, while slackening production in a manner almost criminal in its results.

In the realm of fuel alone and that is only one of the many items under which we as a people have indicted ourselves as wasters, it is appalling to study the situation. In the earlier days when fuel was plentiful and every man had his own woodlot, the development of the coal industry was slow and uncertain. With the passing of the forests, came natural gas. We used the product of the earth carelessly and wastefully until now, depending almost altogether on coal as fuel, the days of plentiful and cheap natural gas are recalled and sighed for, but they will never return.

Natural gas is increased in price from time to time as the supply grows less and as the sentiment takes root among men who are skilled in the development of this industry that ere long there will be no such thing as natural gas. In view of this outstanding fact, it is interesting to note one of the causes for a decline in the supply. Waste is not confined to the natural gas industry alone, but that is the subject in hand and no less an authority than

I. V. Brumbaugh, gas engineer of the federal bureau of mines in an address before the National Gas association of America convention in Cincinnati stated that there is an annual waste of 150,000,000,000 cubic feet of this natural product.

Gas, a great factor in the development of industrial enterprise and in domestic convenience, has been deliberately or carelessly wasted. Waste of any natural resource is criminal and in the end we pay the price. It is quite to be expected that the more limited the supply, the higher the price. That is inevitable.

FORCING PANAMA TO BEHAVE

THERE is a good and valid reason for the United States government insisting in the strongest possible manner that Panama accept the White boundary award, as she agreed to do when accepting arbitration. This reason is that Costa Rica is restrained from taking possession of the disputed territory by force, because no country can make war on Panama without making war on the United States.

The incident demonstrates the fiction of Panama's alleged independence. The United States has no right, even under the Monroe doctrine, to compel Panama to yield to Costa Rica if Panama were fully independent and sovereign.

Having won the award, Costa Rica would naturally occupy the strip in dispute and drive the Panamanian soldiers out in so doing, now that her neighbor refuses to accept the arbitrator's decision. But the Hay-Varilla treaty, by which the "independence" of Panama was recognized by our government, provides that "the United States guarantees 'and will maintain' the independence of the Republic of Panama." Consequently, the nation that goes to war with Panama inevitably must reckon with the overlord of Panama, for any power becomes an overlord which assumes the obligation to preserve another state's existence unimpaired.

If the United States government should assume an attitude of indifference regarding the enforcement of the White award, Costa Rica would be unfairly placed in an impossible position. In such a case the overwhelming strength of America would in effect be used to shield a contumacious ward against the penalties which the ward's outraged neighbor would be compelled to enforce.

Therefore, Panama must behave, because the United States is rightly looked to by Costa Rica to make her do so.

A POLICEMAN

LIMA, like many other cities, is to have a policewoman. Mayor Burkhardt has seen fit to use a part of the funds made available to him by council for investigation to pay a woman to carry on special work for him. In this connection she will have certain duties assigned to her.

If properly directed, the services of such an officer should be of benefit to the city. If her work is of such nature as to be of real value to those of her own sex, the money and time will be well spent. If it is directed to the prosecution of meaningless and unpopular hobbies, it will be a waste of both time and money.

MISS LIMA: "After all, there is much to be thankful for. For instance, those dainty, dancing doxies who smutted up the atmosphere in Findlay and were arrested in Cleveland for what happened in Lorain, didn't break into Lima."

THOSE NEW MESSAGES FROM MARS.

There are a few pessimists here who believe that when the planets call up they should be told that we are out to lunch or in conference or that the line is busy, and there are some old-fashioned fogies who refuse to take any stock in the thing at all, but the knockers are always with us. There are some people in this country who still refuse to believe in harmonic soul waves or fortune telling by cards, but they, happily, seem to be in the vast minority. They are the same back numbers who persist in believing that the majority rules.

The new communication ushers in another period of agonized expectancy. Our pride is at stake. We must decipher these messages and find out whether we are the superiors or whether we are the boobies of the universe.

The thing may have a happy ending, however. It may be that the messages will turn out to be from the home-made wireless machine of some Norwegian inventor who is trying to sell a barrel of salt mackerel to some firm in Mesopotamia.

THE GOOD OLD DAYS.
The old-time cliff apartments were more quiet than our own.
They had no pianolas nor night-prowling gramophone.
No amateur grand opera stars sang songs into the night.
And authors with typewriters didn't pound with all their might.
And if perchance some roisterer should come home with a spiff,
Some caveman would get out of bed and push him off the cliff.
And if some Romeo should play sweet ballads on a lute
They'd smite him with a boulder that was large and round and cute.

The bill collector in those days no tingling doorbells rang.
The caveman pulled the ladder up and told him to go hang.
And when the caveman wanted any flat upon his shelf
He went and threw the tenants out and took it for himself.
How different, how different, oh, fellow democrats,
With us poor geezers who must live in modern city flats.

JUST FOLKS—BY EDGAR A. GUEST

CLEAN

I want that boy of mine to be
Square to the last and final letter.
From taint of cunning wholly free;
I want him to love honor better
Than victory and silver things
Which conquest in a struggle brings.
"Clean as a hound's tooth!" that's
the phrase
Once by our leader Roosevelt spoken.
Who loved the sportsman's manly
ways
And valued truth above a token;
Better to lose with conscience clean
Than win by methods false and mean.
I want him to observe the rules,
Be fair in desperate circumstances,
To know that cunning's used by fools
Who fear to take the harder
chances;
That with the victory of deceit
The victor quits the field a cheat.
I want him to play hard to win,
But not make victory his master;
Whatever game he enters in,
Though he meet triumph or disaster,
I want him coming home a man,
As clean as when the game began.
Oh, boy of mine, let sportsmanship
Never for any gain desert you;
If on yourself you keep your grip
There is no failure that can hurt
you—
You shall have more than prizes
mean,
If you have kept your record clean.

GIRLS! DON'T WORRY ABOUT THAT UGLY LOOKING RASH

A Few Applications of Lanoated Iodine Compound Will Quickly Heal It.

Lanoated Iodine is the ideal method of treating a rough, sore, pimply skin. Unlike ordinary tincture of iodine, it will not stain or blister. Just rub it in before going to bed, and in a few days you will wonder where that ugly looking rash or those unsightly pimples have gone. Your skin should soon become smooth and velvety without a single blemish on it.
Don't worry another minute—start this simple treatment today. Go to any good drug store, and ask for a small jar of Lanoated Iodine. Use it tonight. You will surely be pleasantly surprised at the results obtained.
The soothing, healing and antiseptic virtues of iodine in this ointment are rubbed right in like a vanishing cream, where they quickly absorb the poison-ous, dead or diseased tissues. At the same time protecting and soothing the healthy skin.—Adv.

"PEG O' MY HEART" TO BE PRODUCED ON SCREEN

United Artists Plan Presentation of Play With Laurette Taylor in the Cast

"The Mask," Now Playing Locally, is a Story Different— Theatre Directory

(By ESTHER WAGNER.) THAT the United Artists plan to produce "Peg o' My Heart" with Laurette Taylor was brought to light recently thru an offer from Birmm Abrams, president of that organization, made to Marshall Neilan to handle the film adaptation of the famous Manners play. The pictureization of this play has involved a number of court actions resulting in the injunction awarded by Hartley Manners, the author, preventing Famous Players-Lasky from releasing their motion picture version of the story produced several years ago with Wanda Hawley in the leading role. Following the court order restraining the Lasky organization from distributing their picture, considerable interest was aroused over the future proceedings of Manners. The offer to Neilan by Abrams indicates that United Artists have secured the legal motion picture rights together with the services of Laurette Taylor, who has made theatrical history here and abroad in the play.

"The Mask" HERE is a picture having a story to tell that is singularly familiar, yet succeeds in being something different. And lovers of Jack Holt are going to rave about the picture, for it shows Mr. Holt at his very best, playing, as he does, two separate and distinct roles.

You all know the story that runs something like this: A wealthy man, married, is supposedly lost at sea. Arch-villains conspire together, bringing forth a man who is the image of the supposed-to-be-dead man. He takes his place as Mr. Traynor and is accepted by everyone but Traynor's son, who instinctively turns from him. Of course, in the end, the real Traynor, having recovered his memory, makes himself known, the villains are taken away and little Mickey is happy, in the possession of his Daddy.

Outside of the really splendid work of Mr. Holt, the portrayal of little Mickey Moore as the son, is something to reckon with. Certainly you never saw a more manly little fellow, when he stands up, with belligerent eyes and clenched fists, telling the pseudo father: "I don't like you; I'm not 'frail of you, either. And you ought to be ashamed of yourself, 'cause my Daddy never drank." Little Mickey can tell 'em.

Hedda Nora is the feminine lead and while she can act as well as the next one, she isn't the kind of actress one usually sees in support of Mr. Holt. The scenery and photography are all they should be, the story is an interesting one; the piece has plenty of action and the "The Mask" isn't heralded or advertised as a great drama. It is a mighty entertaining picture and I hardly believe you'll be disappointed in it.

At the Regent the remainder of this week.

BETTY FRANCISCO, FOLLIES RECRUIT, NOW IN MOVIES

Betty Francisco

Betty Francisco, one of the most recent recruits from the Ziegfeld Follies, is attaining success on the screen in such recent pictures as "The Furnace," "Midsummer Madness," "Straight From Paris," and with Louise Glaum and Gloria Swanson in their latest starring vehicle soon to be released. This pretty girl is something of an expert on clothes.

Listen to what she says regarding the importance of clothes on the screen and off: "Clothes may not make the man but they are a marvelous asset to the woman."

"If a woman can wear her costumes in that chic and distinguished manner, which causes an \$18.50 dress to look more like a Parisian gown, she has achieved something for which most women strive. This can only be accomplished by studying the subject of clothes

and their relation to society. The screen stars are rapidly gaining an appreciation of clothes, and the most famous of them are learning that women come to the picture theaters to see their clothes as well as to see them.

"Elaine Ferguson may easily set the fashions for her provincial sisters if she wears one costume thru enough scenes to enable the local dressmaker to sketch her gown. The world of today has no time or place for a dowdy woman, study the style of apparel that becomes you; don't neglect yourself or your clothes, for together these form an invincible combination."

These words from a Follies beauty should mean something.

MISS CHRISTEN'S DAILY PAGE OF CHAT AND SOCIETY EVENTS
WHITE FROCKS ARE
SUMMER FAVORITES

By ELOISE.

The white frock is the boon of all summer girls. It is always fresh. It permits of so many variations by the addition of a bright sash, a brilliant hat or a smart sweater and its wear has no terrors of mud or grass stains, for bolting will make it as good as new. Then, of course, there is the paramount reason for wearing it—white is cooler than any color.

This frock pictured is a pretty little shirtwaist model made of the finest white voile. The cuffs, the hem, the collar and front of the blouse are all hand hemstitched, which gives a decidedly exclusive air to the whole. Side panels over the hips are also hemstitched and edged with narrow ruffles of organdie. The blouse and skirt are separate, the blouse being a slipover model which may be worn with other skirts or a suit. The simplicity of the style makes it very easy to launder and suitable for many occasions of the warm summer months.

Members of the Entre Nous. Tonsours Prete, Trotty Veek and Avoncl clubs together with a number of other "Y. W." girls enjoyed 6 o'clock dinner at the association rooms, Tuesday evening, given under the auspices of the Religious Educational committee.

The tables were arranged in the form of a triangle with one table in the center at which were seated Miss Alice Marsh, general secretary of the Y. W. C. A., three secretaries of the local "Y. W." including Mrs. Julia Simpson, Miss Queen Long and Miss Mary Garford; the board members and Mrs. Fred Engle, chairman of the committee in charge. The tables were artistic with a color scheme of blue and white, the Y. W. C. A. colors.

Following an elaborate dinner, which was served by the Girls' Reservoirs of Junior South high school, an interesting program was presented. Miss Marsh was the principal speaker of the evening. Miss Stratton and Miss Pauline Fisher each played a piano number while Mrs. Clem S. Baxter and Miss Eva Schultz favored with vocal selections. James Kelly played a violin number.

Mrs. W. L. Russell was hostess at a prettily appointed 1 o'clock luncheon at the Lima club Wednesday to the members of the Fortnightly Bridge club.

Bridge followed luncheon with Mrs. Harry Gayer, Mrs. Dwight Wyre, Madison, Wis.; Mrs. J. E. Antvin and Mrs. C. F. Lufkin acting as substitutes. Mrs. Lufkin held high score among the guests.

Club will be entertained in a fortnight with Mrs. Warren McLaughlin, Thayer Terrace.

Members of the Thursday Matinee Bridge club were entertained at a prettily appointed 1 o'clock luncheon at the home of Mrs. Russell Young, State-st. at their last meeting of the year, Thursday. Following luncheon the afternoon hours were pleasantly whiled away in bridge. Mrs. A. H. Creps was the only guest.

Miss Helen Keller, Miss Myrtle Busick and Miss Pearl M. Cassidy, all of this city will be Allen-co representatives in the 1921 graduating class from Ohio University, Athens, all having completed courses in normal work.

FEARS BREAKUP OF HIS HOME

Wife Has "Missed Something in Life"

Pointed Out to Husband That Perhaps
He May Be to Blame

Bobby Grieves Because Girlie Gives
Him the Go-By

Dear Miss Smart:

I am a very happy man and I wonder if you can give me some advice or encouragement. I have been married about 10 years and my wife was only 18 years old when she married. Now she feels that she has missed something in life. I don't know what to do. I love her and I feel that she loves me. I have heard that some of her friends have advised her to break up our home. What would you advise me to do?

A Miserable Man.

DON'T be a "miserable man!" Be a real man! If you love your wife and feel that she loves you, you would not permit the advice of her friends to break up your home. Do all you can to make your wife realize that her duty and happiness, too, are at home with you.

If she feels that she married too young, the time to come to a realization of that mistake was before, not after she married. I do not believe, however, that this is the reason she is feeling as she does.

Perhaps the fault lies with you somewhat. Probably you have not considered this. Are you very certain that you have been as attentive as you used to be? Are you positive also that you have not grown preoccupied and indifferent? Remember all these little things count. You, as well as your wife, must do your part in making your marriage a happy one.

If your wife loves you and you prize that love as you should, there is nothing which can prevent you from keeping her with you. You say she feels she has missed something in life. It is your duty to ascertain what this "something" is. In the future do the little things which you know will please her and try to cultivate an interest in her hobbies. Discuss your business plans with her and plan your pleasures together. Show her that you need her companionship in all things and that life without her would be empty for you.

Dear Miss Smart:

The skin of my face and neck is very dark. What can I do to make it lighter?

If your skin is naturally dark, it is not likely that you can make it lighter. If it is merely tanned from exposure to the sun, you can remove the tan by frequent applications of lemon juice—diluted if necessary.

Do not worry if you cannot make your skin lighter, Jo. It undoubtedly harmonizes with your eyes and hair, a dark complexion, if it is clear and attractive, needs be no less desirable than a fair one. Bring out the best in your complexion, hair and eyes by choosing the colors of your clothing with care.

Dear Miss Smart:

I am a boy 17 years old and have been going with a girl a little younger than myself. Lately she has refused to even recognize me. I have done nothing to offend her. What would you suggest that I do?

Bobby.

Well, Bobby, it certainly is dreadful the way the girls treat the poor innocent boys, isn't it? And the worst of it is, they don't even give

By PHYLLIS PHILLIPS

"Two other telegrams—before the last." The words burnt themselves in letters of fire on Cherry's heart, the dear old bird not to have told her. The telegrams were resented by Ned's people, evidently. Remembering her surroundings, Cherry smiled in answer to some questions one of the belles was putting to her. A small, piquante brunette, with long eyes and an insistent manner, by the name of Myra Jessup.

"Thank you, I'd just love to join the housewives' club as soon as it will let me," said Cherry, looking from one face to the other, and accepting in random all and any invitations that were extended to her. "I do think it's too sweet of you all to ask me to join all your clubs."

ing to seem interested in me; you're going to be interested in me!" In delicious mimicry of his Aunt Deborah's old Scotch maid she wound her hands in an imaginary apron.

"When you're thru w' your bickering, Master Charlie, what will ye be takin' to your supper?" she simulated scolding wine carried him back score of years.

He rumbled his hair excitedly.

"What rows Uncle Rodman and I used to have Sunday nights! And what wouldn't I give for a dish o' Tillie's scallops and bacon!"

"We're just out of scallops, but we've oodles of bacon!" she caught at his hand. She fairly raced him into the kitchen. "I can cook it so wondrous the way you taught me on the campfire. You can do the toast. There's a big can of raspberry jam and we'll eat till we're fairly waxy and teed!"

They ate in the kitchen. She sat on the table and swung her feet

BOB MARTIN TO DISPLAY WARES HERE

HEAVY ASPIRANT COMING 'IN JUNE--HOD ELLER TO PITCH HERE SUNDAY--ROTARY MEETS LIONS.

By JAMES F. BURBA

Boxing fans of Lima will be granted an opportunity to witness Bob Martin, heavyweight champion of the A. E. F., in action here about the middle of June.

This startling announcement was made Wednesday evening by Warren McLaughlin, local fight fan, who has just returned from Columbus, where he was in conference with Jimmy Bronson, Martin's manager. McLaughlin and Bronson were in France together, and since coming out of service have maintained their friendship.

McLaughlin went to Columbus the early part of the week to witness the fight between Martin and Ned Carpentier, a protégé of Tom Andrews, Milwaukee promoter. This fight which was scheduled for Monday night was postponed until Tuesday night, when Martin laid Carpentier low in just 21 seconds.

Realizing that fight fans of Lima are desirous of seeing Martin in action, McLaughlin talked over the feasibility of bringing Martin here to meet some heavyweight. McLaughlin also realized that Martin has been receiving too large purses for Lima to pay. All this he told Bronson, with the result that Martin's manager agreed to bring Bob here for a purse, while high, is remarkably low for a fighter of Martin's calibre.

A suitable opponent for Martin is to be chosen. No set up will be handed the coming heavy. He must meet a boy worthy of mention, and to all this Bronson agreed.

Martin has several fights scheduled. These fights will carry him beyond June 19 when he meets an opponent in Grand Rapids. Bronson suggests that he come here from the Michigan city. After fighting here Martin leaves for Shreveport, La., where he will stage a bout. Incidentally, they like Martin down in Louisiana. I was down there a few months ago when he slipped the sleep potion to Marty Burke at New Orleans, and fight fans in the Crescent City craved another sight of the youngster.

The fight will be held at Murphy-st. park here, because the seating capacity of Memorial hall is not great enough.

The purse it takes to bring Martin here makes it possible to charge an admission price of \$2, \$3, and \$5, which is low considering the demand for Martin's services. It is believed that Martin will draw close on to 3,000 fans in this city. The bout under the auspices of the American Legion.

HARDING CONFERS WITH BANKERS

Seeks Advice of Nation's Best Business Men

GERMANY CHANGES FRONT

Is Now Willing to Work and Pay Obligations

(BY B. C. FOIBER)

NEW YORK — (Special) — Very interesting confab is going on in the White House between President Harding and brainy workers. Extremely important developments may result.

President Harding has not the contempt for bankers that President Wilson had when he first went to Washington. When some one asked whether which banker he would select as secretary of the treasury, his reply as reported, was: "No banker. I want only honest men in my cabinet." And then he chose a lawyer.

Not only is President Harding's own record thus far at Washington now discredited in most business circles, but the confidence of his men but members of his cabinet, Secretary Hoover, Secretary Mellon and Secretary Hughes are known to be working in Germany and intelligently might destroy and intelligently might destroy and intelligently might destroy.

Business men expect big and stirring things from Hoover while the financial community has faith that Mr. Mellon will handle the nation's financial problems with broad-gauge skill.

One plan of colossal magnitude now discussed in tentative way, both in Washington and in banking circles, looks to the utilization in some way, of German reparations bonds, either in connection with the debts owed us by the Allies or a substitute for liberty bonds now outstanding here.

Nothing definite has yet taken shape but it is known that President Harding is delving into this whole intricate and vast subject. Perhaps this is the best banking brains in America—the president of one of the largest financial institutions was among those invited to eat and talk with the president last evening.

A financial genius could doubtless evolve some plan in connection with the billions of obligations to be issued by Germany which could be carried out advantageously alike to Germany, to the Allies and to the United States. Perhaps this genius could make it feasible and advantageous for, say France, to liquidate her extensive indebtedness to us by handing over German bonds bearing the endorsement and guaranty of the French government. These bonds, thoroughly secured, might then be issued to American investors to refund maturity liberty bonds. The interest received on the foreign bonds would pay interest due the holders here, and meanwhile the volume of liberty bonds outstanding here would be reduced.

As the average American investor, chiefly because of lack of knowledge, is tremendously skeptical of any and every foreign investment, it might be deemed necessary to have the United States government endorse these German-issued and French-guaranteed obligations and thus remove any possible question as to their safety. Since these foreign bonds would displace a like amount of United States government bonds, the total obligations of our government would not be increased or its liability expanded by guaranteeing the bonds.

I do not pretend for a moment to be able to tell the government how our international financial problems might be solved or to outline the plan for rendering German reparations bonds marketable in this country. I do know, however, that this whole gigantic problem is being wrestled with at this moment by the administration and by the "best minds" in the banking world. From what I hear there is every likelihood of something tangible being worked out and the expectation is that it will be accomplished the effect upon financial conditions and sentiment throughout the world will be tremendously important and helpful.

If you were to ask half a dozen of the ablest financial leaders in America what has been the one most momentous development during recent months, the probability is that more than half of them would name in reply something that has scarcely been mentioned in any newspapers. They would tell you, in effect: "The transformation in Germany's attitude; Germany's convincing manifestation that she has become sincere and earnest in her desire to play fair with the Allies."

The mere signing of the indemnity agreement would have meant nothing had it been accompanied and followed by speeches and actions such as were the rule in Germany not so long ago. Now that Germany is prepared to get down to business and meet her obligations, financial leaders here and in Britain and France are disposed to cooperate in making it possible for her to do so.

An international financial conference embracing the highest officials and the ablest financiers in each country will shortly be in order. It should not be beyond the power of such a conference to devise a workable settlement of the problem.

If better times do not make their appearance before long it will not be because of lack of progress in enlightening our major difficulty under another. A vitally important factor is making for the early restoration of better business conditions and fuller employment.

MUTT AND JEFF—IF THAT WAS A TAP, IMAGINE WHAT AN UPPERCUT WOULD BE—

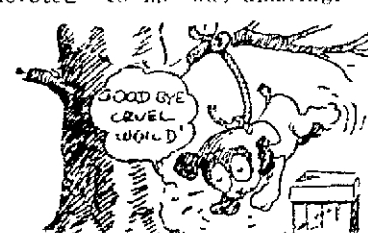

By BUD F

SHORT SHAVINGS

He had owned a dog, and this was the story he told:

"Yes, sir, the way that dog was devoted to me was amazing. He

heard me say to my wife that I was pressed for money, so he went and died the day before the dog tax was due."

Biggins for some years had gone the pace that kills, only it didn't kill him but merely reformed him. Then he joined the church and rose so high in its councils that he was sent to one of the big cities as delegate to a convention.

"How was it?" asked a friend when he returned.

"The convention? Oh all right," answered Biggins. "But that town? Some town!" "If I'd only been a delegate to something there before I got converted!"

A motorist touring in the west managed to get his car stuck in a tenacious mudhole. After he made vain attempts to escape, a boy appeared with a team. "Haul you out, mister?" "How much do you want?" "Two dollars." After a long and fruitless argument the motorist agreed to pay the amount asked and the car was pulled to dry land. After handing the money to the lad, the motorist asked, "Do you haul many cars out in a day?" "I pulled out twelve today," "Do

you work at night, too?" "Yes, at night I haul water for the mud-hole."

"He told me he loved me," "Has he told anyone else?" "No."

"Then get him to do so."

ALL LIT UP LIKE A HOUSE AFIRE

The first impression of a stranger entering our gates THREE YEARS ago could have been that Lima was a "good town to pass over." Dark streets — very few electric signs — puddles in the pavements — the mud at the Erie depot and the rough journey from the Pennsylvania could hardly have caused good cheer.

TODAY, however, Lima is known far and wide as the best illuminated city — size for size — in the Central States, for with its boulevard lights and sparkling signs, it could only appeal as a "good town to pass into."

The Lima of the FUTURE can easily be known as the CITY that is "ALL LIT UP LIKE A HOUSE AFIRE."

Believing as we do in the influence of light and cheer upon the human system, we know that the greatest thing ever done for Lima's FUTURE growth was to lift it out of DARKNESS.

ELECTRIC SIGNS — BOULEVARD LIGHTS — and STREETS that are NOT like the Sierra Nevadas — LET'S GO ON WITH THEM.

Take the SUNSET out of the Bay of Naples, and people would just as soon see Peoria before they die. Take the ELECTRIC SIGNS out of Broadway and some OTHER STREET that had illumination in it would have FIRST CALL.

You, Mr. Business Man, in "brightening up" your ENTRANCE help the cause of the City we are always ready to fight for but rarely find the time to do it.

Can a normal human being pass BY OR UNDER A SPARKLING, COLORFUL SIGN without seeing it? Could the SUGGESTION of your NAME, BUSINESS and LOCATION placed in SUCH A SETTING be AVOIDED?

What is business life — yours and ours — as we have it nowadays but a battle to secure the attention of those who buy, and then giving them the value received?

Human beings react to color, motion and bright things. They simply cannot help it. That is WHY we claim that a clean cut, original and appealing "SHUMATE CHANOPAL SIGN" delivers 100% PUBLICATION of its message, and IMPRESSES with every ounce of its influence. IMPRESSION goes amighty long way. Were this not so, the old razor would get rusty — the neckwear trust be badly bent, and Mr. Zetlit would never sell as many flowers.

People have two eyes and a nose that points their way. Normally, they look ahead when they go ahead. Have you anything out to "park" them when they head your way?

A "SHUMATE CHANOPAL SIGN" — 100% PUBLICATION — YOUR NAME — BUSINESS — EXACT LOCATION impressed upon everyone. It's a mighty good idea.

The "high cost of signing" does not apply to THE SHUMATE CHANOPAL SIGN COMPANY. We will "sign" anything for you at a reasonable cost.

Our new plant at 1118 South Main St. (opposite Locomotive Works) is equipped to build the very best. Our studios equipped to suggest the original and effective in designs.
